Dear The Federal Communications Commission,

Congratulations on your appointment to Chair the FCC. In your new leadership role, I urge you to support the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF).

As a fixed income Senior Citizen I make very few long distance calls and only last week cancelled my long distance service to save \$8.00 per month. I have a prepaid cell phone which I keep for emergency and security use to keep my costs as low as possible.

Under the flat fee or numbers-based plan you are considering, people like me who make few long distance calls would pay the same as people or businesses that make many calls. I believe it would be unfair to charge low-volume and residential customers the same fees as high-volume residential or business customers.

Please adopt the Fair Share Plan.

Sincerely,

Audrey Kader, 715 7th St. South La Crosse, WI 54601
